

HCPA Player Code of Conduct

The Hudson Community Pickleball Association (HCPA) has adopted the tenets of the USA Pickleball Association (USAPA) regarding player conduct. USAPA states: “The mission of USAPA is to promote the growth and development of pickleball. This sport will succeed best if its players embrace the values of good sportsmanship.” The goal of HCPA is to assure that players have an enjoyable experience.

HCPA players should:

1. Not engage in unsportsmanlike conduct or encourage others to do so.
2. Not engage in any behavior that would endanger the health, safety or wellbeing of others.
3. Not engage in the use of profanity or inappropriate language toward others.
4. Treat others with respect.
5. Exhibit fairness and honesty in their dealings with others.
6. Will observe the Golden Rule of doing unto others as I would have them do unto me.
